

ANTI-BULLYING POLICY

1. In accordance with the requirements of the Education (Welfare) Act 2000 and the code of behaviour guidelines issued by the NEWB, the Board of Management of Kill National School has adopted the following anti-bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the *Anti-Bullying Procedures for Primary and Post-Primary Schools* which were published in September 2013.

2. The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour:
 - A positive school culture and climate which-
 - is welcoming of difference and diversity and is based on inclusivity;
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
 - promotes respectful relationships across the school community;
 - Effective leadership;
 - A school-wide approach;
 - A shared understanding of what bullying is and its impact;
 - Implementation of education and prevention strategies (including awareness raising measures) that-
 - build empathy, respect and resilience in pupils; and
 - explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying.
 - Effective supervision and monitoring of pupils;
 - Supports for staff;
 - Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and
 - On-going evaluation of the effectiveness of the anti-bullying policy.

3. In accordance with the *Anti-Bullying Procedures for Primary and Post-Primary Schools* bullying is defined as follows:

Bullying is unwanted negative behaviour, verbal, psychological or physical conducted, by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behaviour are included in the definition of bullying:

- deliberate exclusion, malicious gossip and other forms of relational bullying,
- cyber-bullying and
- identity-based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the Traveller community and bullying of those with disabilities or special educational needs.

Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behaviour.

However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour.

Additional information on different types of bullying is set out in Section 2 of the *Anti-Bullying Procedures for Primary and Post-Primary Schools*.

4. The relevant teacher(s) for investigating and dealing with bullying is (are) as follow:

- The teacher to whom the bullying concern was notified
- The class teacher of the child/children involved
- The Principal/Deputy Principal

5. The education and prevention strategies (including strategies specifically aimed at cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying) that will be used by the school are as follows

- The Stay Safe Programme
- Adherence and implementation of the SPHE Policy
- RSE Programme
- Walk Tall Programme
- Webwise.ie

6. The school's procedures for investigation, follow-up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows
- The primary aim for the relevant teacher in investigating and dealing with bullying is to resolve any issues and to restore, as far as is practicable, the relationships of the parties involved
 - The teacher will exercise his/her professional judgement to determine whether bullying has occurred and how best the situation might be resolved
 - All reports of bullying must be investigated and dealt with by the relevant teacher
 - Parents and pupils are required to co-operate with any investigations and assist the school in resolving any issues
 - Teachers will take a calm, unemotional, problem-solving approach when dealing with incidents of bullying behaviour reported. Such incidents will be investigated outside the classroom situation to avoid humiliation of either party
 - In any reported incident the teacher plus the principal/deputy principal will speak separately to the pupil(s) involved and witnesses, in an attempt to gain both sides of the story. Such interviews will be conducted with sensitivity

[Procedures for investigation and dealing with bullying involving adults will be dealt with on an individual basis following trade union/BOM guidelines]

Disciplinary Steps

1. Pupils who have been found to be engaging in bullying behaviour will be warned officially to stop offending.
2. The parents/guardians of the pupil found to be engaged in bullying behaviour will be informed in writing of this unacceptable behaviour. A copy of this letter to be sent to parent/guardian of the victim.
3. Children engaging in bullying behaviour may be excluded from the playground at break and/or lunch times. (Extra written work can be given at this time)
4. If the offending child/children repeats the bullying he/she/they may be suspended for a period of up to three (3) days.
5. If the child/children continue to engage in bullying behaviour, a suspension for up to ten days may be sanctioned by the B.O.M.
6. If the bullying behaviour continues, the offending child/children will be requested to appear before the Board of Management of the school with his/her/their parent(s)/guardian(s) where further sanctions up to and including expulsion can be agreed.

The school will also work with the children in a restorative manner and they will receive support from staff members to help resolve issues raised.

Restorative practice in our school provides a focus on developing positive relationships between all members of the school community. It gives opportunities for pupils to take responsibility for their behaviour and learning. Restorative practice is a process whereby children are given the

opportunity to rethink on their behaviour and how they and others have been affected by it so as to help heal broken relationships and prevent reoccurrence.

7. The school's programme of support for working with pupil's affected by bullying is as follows

The school's programme of support for working with pupils affected by bullying involves discussing the incidents with the pupils, reassuring them that they were right to bring the events to the attention of staff, that they were not telling tales and their actions will help others. They will be reminded that they should tell again if they have any new concerns. The teacher(s) involved and the principal will check from time to time with the child that everything is ok.

8. Supervision and Monitoring of Pupils

The Board of Management confirms that appropriate supervision and monitoring policies and practices are in place to both prevent and deal with bullying behaviour and to facilitate early intervention where possible.

9. Prevention of Harassment

The Board of Management confirms that the school will, in accordance with its obligations under equality legislation, take all such steps that are reasonably practicable to prevent the sexual harassment of pupils or staff or the harassment of pupils or staff on any of the nine grounds specified i.e. gender including transgender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

APPENDIX A:

Types of bullying

The following are some of the types of bullying behaviour that can occur amongst pupils:

- **Physical aggression:** This behaviour includes pushing, shoving, punching, kicking, poking and tripping people. It may also take the form of severe physical assault. While pupils often engage in ‘mess fights’, they can sometimes be used as a disguise for physical harassment or inflicting pain.
- **Intimidation:** Some bullying behaviour takes the form of intimidation: it may be based on the use of very aggressive body language with the voice being used as a weapon. Particularly upsetting can be a facial expression which conveys aggression and/or dislike.
- **Isolation/exclusion and other relational bullying:** This occurs where a certain person is deliberately isolated, excluded or ignored by some or all of the class group. This practice is usually initiated by the person engaged in bullying behaviour and can be difficult to detect. It may be accompanied by writing insulting remarks about the pupil in public places, by passing around notes about or drawings of the pupil or by whispering insults about them loud enough to be heard. Relational bullying occurs when a person’s attempts to socialise and form relationships with peers are repeatedly rejected or undermined. One of the most common forms includes control: “Do this or I won’t be your friend anymore”(implied or stated); a group ganging up against one person (girl or boy); non-verbal gesturing; malicious gossip; spreading rumours about a person or giving them the “silent treatment”.
- **Cyber-bullying:** This type of bullying is increasingly common and is continuously evolving. It is bullying carried out through the use of information and communication technologies such as text, social network sites, e-mail, instant messaging (IM), apps, gaming sites, chat-rooms and other online technologies. Being the target of inappropriate or hurtful messages is the most common form of online bullying. As cyber-bullying uses technology to perpetrate bullying behaviour and does not require face to face contact, cyber-bullying can occur at any time (day or night). Many forms of bullying can be facilitated through cyber-bullying. For example, a target may be sent homophobic text messages or pictures may be posted with negative comments about a person’s sexuality, appearance etc.
- **Name calling:** Persistent name-calling directed at the same individual(s) which hurts, insults or humiliates should be regarded as a form of bullying behaviour. Often name-calling of this type refers to physical appearance, e.g., size or clothes worn. Accent or distinctive voice characteristics may attract negative attention. Academic ability can also provoke name calling. This tends to operate at two extremes. There are those who are singled out for attention because they are perceived to be weak academically. At the other extreme there are those who, because they are perceived as high achievers, are also targeted.

-
- **Damage to property:** Personal property can be the focus of attention for bullying behaviour. This may result in damage to clothing, mobile phone or other devices, school books and other learning material or interference with a bicycle/scooter. The contents of school bags and pencil cases may be scattered on the floor. Items of personal property may be defaced, broken, stolen or hidden.
 - **Extortion:** Demands for money may be made, often accompanied by threats (sometimes carried out in the event of the targeted pupil not delivering on the demand). A pupil may also be forced into theft of property for delivery to another who is engaged in bullying behaviour.

This list while comprehensive is not exhaustive.
